

**ACADEMIC YEAR 2018–2019**

**REPORT OF RESEARCH IN ARCHITECTURE SEMINAR**

**Topic:** 1 day seminar in Research In Architecture: Data processing & analysis

**Speaker:** Ar. Meera Shirolkar

**Day and Date:** 11/01/2019

**Time:** 10:00am to 12:30pm

**Attendees:** 13 faculties + 69 Students

**Program Co-ordinator:** Prof. Shilpa Patil & Prof. Swarupa Borde

**OBJECTIVES:**

To understand how to process & analyze the data collected for doing Research in Architecture.

**BRIEF OF THE EVENT:**

Ar. Meera Shirolkar is an academician working with Dr. BNCA and a Ph.D. holder. The lecture organized for 4<sup>th</sup> year students and faculties guiding them in research as well as taking up research themselves. The honorable speaker explained the importance of analysis of the data collected for research in architecture. She also explained various ways/ methods of data collection which is directly & indirectly related to the topic of research & hot to analyze it.

**OUTCOME:**

1. Students and faculty got acquainted with the process of research.
2. Students understood the weight of research behind any successful design.

Dr. Mahendra Sonawane, Principal SBPCOAD, welcoming the Chief Guest Ar. Meera Shirolkar
