**GUEST OF HONOUR:** AR. NEHA MASLEKAR

**VENUE:** 2nd Year A & B studio

**DATE:** 19/07/2017 & 26/07/2017

**TIME:** 1:00 PM to 2:30 PM

**ATTENDEES:** 69 students + 19 faculties

**SEMINAR CO-ORDINATORS:** Ar. Priyanka Lokhande, Ar. Priyanka Babar

In the architecture profession, skills in producing graphic documents or visual communication are very important in order to effectively present the architectural design solution to a specific audience or client. It helps to enhance the design and sets a mark on client. Good presentations are very important whenever presenting your design from Bachelors to Ph.D level.

### **OBJECTIVE:**

To learn rendering techniques using various rendering mediums such as water colors, pastel colors, staedtler pencils & etc.

### **OUTCOME:**

Students have learned how to use various rendering mediums to enhance their ADG & AD Portfolios for better understanding & presentation.
